You can be King of the Hill and enjoy the country living waiting for you in this 2 story, aluminum sided updated home! Walk into either the front or back entrances and be greeted by the enclosed/finished porches. With 3 bedrooms and 1-3/4 baths, your family will be certain to enjoy the 3 plus acres of land that accompany this home. Entertain in the large living room, and the party can extend to the 12x14 deck while spilling over to the huge concrete patio in the back yard. The 3 car detached garage is heated and includes an automatic garage door opener with transmitters. The forced air heat is complimented by central air conditioning. Relax in the good sized kitchen, with eating area. Take pleasure in the comfortable family room with wood burning stove. There is also a full unfinished basement. Bring your horses-the property is zoned A-1, and there is a 30' x 40' barn with stalls and paddock. Oh, and keep the kids in mind when you check out the fantastic play house!
